- a Capacities are determined by local authorities. State Finance Department, not AL DOC, pays the flat rate reimbursement set by the legislature.
- b Flat rate of \$28.00 for county jail backup and \$15.00 per day for contracted jail beds.
- c The Florida Department of Corrections no longer rates capacity for local jails. Local facilities regulate it.
- d All facilities are reimbursed at a flat rate of \$24.39 per day except for Work Release facilities operated by the Sheriffs, which are reimbursed at \$19.39 for non-contract programs and \$14.25 for contract programs, and two parishes that earn an additional \$7.00 per offender per day through approved cooperative endeavors to provide and capitalize additional beds for the state. All parishes are also eligible to have approved extraordinary medical expenses reimbursed. Orleans Parish is also reimbursed an additional \$2.00 per diem for medical expenses for state offenders and \$7.00 for all offenders served by their mental health unit and \$3.00 per day for the Intensive Incarceration and Parole Supervision Program.
- e Population and capacity of approved jails represents the allotment of beds for state offenders.
- f TN uses four methods of reimbursement: contracted flat rate, reasonable/allowable, contract reasonable/allowable, and resolution.
- g Contract amounts vary and are based on negotiations processed through the Contracts and Procurement Department.
- h The Commonwealth of Virginia does not designate a "maximum designed bed capacity for local jails." All jails have a certified rated operating capacity, as determined by square foot measurements of cell, dayroom and dormitory housing areas. All full service local and regional jails are provided per diem rates (i.e., \$8.00 per diem for local offenders and \$14.00 per diem for state felons + personnel costs).

## 451\_10H0 — Transitional Work Program

Program Authorization: R.S. 15:711; R.S. 15:1111; R.S. 15:1113

### Program Description

The mission of the Transitional Work Program through the utilization of Community Rehabilitation Centers and Transitional Work Program Facilities is to provide for public safety of the community while providing for custody, control and treatment of offenders assigned to the program. The Transitional Work Program is designed to be a strong transition process through which participants are prepared for release, return to their communities, and adjust to free living thereby increasing public safety. Transitional work programs provide for:

- Housing, recreation and treatment activities aimed at re-socialization.
- Employment opportunities through seeking best available jobs for participants.
- Assistance in complying with any special conditions imposed by the Parole Board.

Transitional work programs have proven to be successful in assisting an offender in making the transition from prison back into the workforce and also provide an income source upon release.

Corrections Services has developed standard operating procedures (SOPs) to be followed by community contractors who house adult offenders in community rehabilitation centers and transitional work program facilities; these SOPs include provisions for American Correctional Association (ACA) accreditation. The responsibilities of the Division of Probation and Parole have been expanded to include monitoring of functions and services of community rehabilitation centers (halfway houses and transitional work program facilities).

The goal of the Transitional Work Program is to continue to provide for the housing of offenders who are qualified for transitional work programs, providing offenders with a step-down transition prior to release from incarceration.

For Fiscal Year 2011-2012, the per diem rate for transitional work program facilities operated by sheriffs ranges from \$12.25 per offender per day to \$16.39 per offender per day depending on the jurisdiction. The per diem rate for privately operated transitional work program facilities is \$12.25 per offender per day.

Explanatory Note: Transitional Work Program facilities are non-secure, community-based residential facilities which provide offenders with a graduated return to the community. Offenders in Transitional Work Programs are not confined but their movements are closely monitored. They are transported to work and returned to the structured environment of the facility at night. They are subject to frequent drug screens. At the same time, they are afforded an opportunity to hold a job, obtain real world work experience, and earn money to assist with expenses they will have in the community. They participate in treatment activities at the transitional work program facility and in the community. Participation in transitional work programs is governed by statute as well as the policies and procedures of Correctional Services. Depending on the crimes for which offenders are serving time, they can earn transitional work program placement within 6 to 24 months of their expected release dates. Transitional work programs can also be used as an alternative to incarceration for technical parole violators.

Program Authorization: R.S. 15:827

### Program Description

The mission of the Local Reentry Program is to provide pre-release education and transition services for adult male and female offenders who are in state custody and are housed in local correctional facilities. Additionally, this program provides an alternative to revocation through intensified supervision, case management, education, and treatment to offenders supervised by Adult Probation and Parole who have technical violations of supervision that would normally warrant revocation.

The goal of the Local Reentry Program is to improve the recidivism rate of offenders housed in parish and local correctional facilities.

## 20-903 — Parish Transportation

### Agency Description

The Parish Transportation Program provides funding to local government entities for road systems maintenance, mass transit, and to serve as local match for off-system roads and bridges.

The Parish Road appropriation is distributed to the sixty-four parishes for road systems maintenance. State statute provides that funds be distributed on a population-based, or per capita, formula. State statute provides that funds in excess of the Fiscal Year 1994 appropriation level (\$34,000,000) be distributed to parishes based upon parish road mileage.

The Mass Transit appropriation provides funding to the eligible cities or parishes with mass transit systems. Cities and parishes receiving such aid include the following: Alexandria, Baton Rouge, Lafayette, Lake Charles, Monroe, New Orleans, Jefferson Parish, Kenner, St. Bernard Parish, Shreveport, St. Tammany Parish, and Houma. Additionally the state Department of Transportation and Development – Public Transit Division receives funding from this source to provide local match money for the purchase of transit buses.

The Local Match for Off-system Roads and Bridges appropriation provides funding to match federal aid for off-system railroad crossings and bridges.

## 20-909 — Louisiana Health Insurance Association

### Agency Description

The Louisiana Health Insurance Association (LHIA), also known as the High Risk Health Insurance Pool, was created during the 1990 Regular Session to establish a mechanism that would insure the availability of health and accident insurance coverage to those citizens of this state who, because of health conditions, cannot secure such coverage. The statute created a board of directors (who serve without compensation) to develop the plan of benefits (described in the statute), accept applications, issue policies and administer claims. The state aid provided through this program, supplemented by participant premiums and investment earnings of the association, enable the association to provide affordable health insurance to those eligible recipients.

### Agency Description

The Video Draw Poker - Local Government program provides, pursuant to legislative appropriation, that twenty-five percent of the funds in the Video Draw Poker Device Fund shall be distributed to the local governing authorities of the parishes or municipalities in which the video draw poker devices are operated.

The distribution is based upon the proportion of total amount of fees, fines, and penalties each parish or municipality contributes to the statewide total and is to be used for enforcement of the statute and offenses relating to gaming. The twenty-five percent distribution is reduced by the salary increases to district attorneys and assistant district attorneys authorized by statute in 1992--up to a cap of \$5,400,000 from the local government portion of the video draw poker proceeds.

## 20-966 — Supplemental Pay to Law Enforcement Personnel

### Agency Description

Supplemental Pay to Law Enforcement Personnel was established to provide additional compensation for local municipal police officers, deputy sheriffs, firefighters, constables and justices of the peace. To qualify for state supplemental pay, municipal police officers, deputy sheriffs, and firefighters must be Police Officer Standard Training (P.O.S.T) certified and have one year of service. Until Fiscal Year 1997, supplemental pay was based on years of service. Funding was provided in Fiscal Year 1997 to fund supplemental pay to all eligible law enforcement personnel at the rate of \$278 per month. In Fiscal Year 1998, supplemental pay was again raised to the uniform rate of \$300 per month for eligible law enforcement personnel. This amount increased in Fiscal Year 2007-2008 to \$425 per month for eligible law enforcement personnel. In addition, supplemental payments for constables and justices of the peace were increased in Fiscal Year 2007-2008 from \$75 per month to \$100 per month. In Fiscal Year 2009-2010, the amount increased to \$500 per month for eligible law enforcement personnel. The new supplemental payment amounts were effective July 1, 2009.

A Board of Review, made up of the Commissioner of Administration (or his/her representative), a member of the Louisiana Conference of Police Associations, and the Deputy Secretary for Public Safety Services, determines eligibility of municipal police officers to receive supplemental pay. The Supplemental Firemen's Board of Review, made up of five members appointed by the Governor (three from Professional Firefighters of Louisiana and two from the Louisiana State Firefighters Association), determines eligibility of applicants seeking state supplemental pay for firefighters. A Board of Review, made up of the Commissioner of Administration (or his/her representative), a member of the Louisiana Sheriffs' Association, and the Director of the Department of Public Service (or his/her representative), determines the eligibility of deputy sheriffs to receive supplemental pay. Act 657 of 1986 now requires one-year job tenure and completion of a certified training program before officers can receive supplemental pay.
