The authorities and duties of SPAT are set forth in LSA -R.S. 15:544(E), 15:544.1, and 15:544.2, and 15:552.
- The Cyber Crime Unit is a specialized unit with attorneys, investigators, and computer forensic experts all trained in the specific field of cyber-crime investigation and prosecution. This specialized unit concentrates on combating crimes involving digital technology. The CCU includes the first state computer forensic center and provides forensic examinations of digital evidence to the LADOJ, as well as other local, state, and federal government agencies. The Section includes the Louisiana Internet Crimes Against Children Task Force (ICAC), that investigates crimes relating to child exploitation and abuse on the Internet. ICAC investigators conduct proactive online undercover operations and investigate child exploitation cases referred to the department from other agencies, as well as the National Center for Missing and Exploited Children. The CCU Forensic Lab also works cases involving online auction fraud, death investigations, domestic violence, economic fraud including online fraud and counterfeiting, email threats, harassment and stalking, extortion, identity theft, narcotics, prostitution, human trafficking, software piracy, and telecommunications fraud. CCU also provides training to local law enforcement and gives public service presentations in regard to technology based crimes and internet safety throughout the State of Louisiana.
- The Investigations Section is divided into two squads that are responsible for the investigation of alleged violations of the criminal laws of this state, conducting of civil and special investigations including investigations of public corruption, institutional and insurance fraud. The Section also provides investigative services to the attorneys in the Criminal Division to include follow-up on cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and evidence management. This Section also responds to the numerous requests for investigative assistance from local, state or federal governmental agencies.

- The Trial Unit provides investigative services to the attorneys in the Criminal Division to include follow-up and support on criminal prosecution cases, locating witnesses, providing security for witnesses, witness management at court proceedings, testifying on behalf of the state, and trial evidence management.
- The Fugitive Apprehension Unit (FAU) is dedicated to assisting local law enforcement agencies in locating and arresting wanted individuals who either cannot be located by the local agency, or where the suspect is believed to be located in a jurisdiction other than where the arrest warrant is issued. The majority of the suspects are aware they are being sought by law enforcement and have taken measures to evade capture. Due to pending caseloads and other considerations, local law enforcement agencies may not have the time or resources available to locate them. Crossing jurisdictional lines can also be problematic for local law enforcement when searching for wanted individuals who reside in, or have fled to, a different city, parish, or state. The FAU has statewide jurisdiction and can dedicate all the time and resources necessary to bring these fugitives to justice. The FAU has also worked successfully with law enforcement in surrounding states in locating and apprehending fugitives from Louisiana.

The Division benefits from having its own in-house appellate specialists, who are familiar with the regional areas in which they practice.
- The Civil Rights Section defends suits filed in both state and federal court involving the deprivation of a person's civil rights. Such suits include, claims brought pursuant to 42 U.S.C. § 1983; the Civil Rights Act of 1964, as amended; the Age Discrimination in Employment Act; the Americans with Disabilities Act; the Family and Medical Leave Act of 1993; the Rehabilitation Act of 1973; and parallel state statutes. The Civil Rights Section also provides legal representation to State agencies, its officials, and employees in civil rights actions brought pursuant to the Religious Land Use and Institutionalized Persons Act.
- The General Liability Section defends all tort suits arising from incidents that do not come under the purview of any other section. The types of claims include injuries occurring on the premises of a State agency, including slip-and-fall incidents, broken chairs, and other defective items; lawsuits involving failure to train, supervise, or protect students, foster students, or children placed in state custody; general maritime claims; asbestos claims; defamation claims; and abuse and neglect claims.

- The Medical Malpractice Section defends the State, state agencies, and state health care providers against claims of medical malpractice in both the medical review panel process and in subsequent lawsuits filed in state court. The attorneys in the Medical Malpractice section also defend, the interests of state health care providers in depositions, hearings, and trials where these healthcare providers have been subpoenaed as witnesses.
- The Road Hazard Section defends the Department of Transportation and Development against claims where a condition of the roadway or its maintenance is alleged to have caused or contributed to the accident at issue. All money judgments against DOTD for road hazard claims, whether through trial or an agreement between the parties, must be satisfied by an appropriation from the Louisiana Legislature and approved by the Governor prior to payment.
- The Transportation Section defends the State, State agencies, and State employees in lawsuits involving automobile accidents and other automobile-related actions that occurred while the State employee was engaged in on-the-job activities, including accidents involving inmate transport.
- The Workers' Compensation Section defends the State and all of its agencies in workers' compensation proceedings, where a dispute arises concerning benefits payable under the Workers' Compensation Act. The Workers' Compensation Section also files suit to recover funds from third parties that the State paid to either injured State employees or to state agencies. The Workers' Compensation Section also represents the State in seeking reimbursement of workers' compensation benefits paid by ORM from the Second Injury Fund by appealing decisions of the Second Injury Board wherein ORM's claim for reimbursement from the Board is denied.
