GOVERNOR'S MESSAGE

Mr. President, Mr. Speaker and Honorable Members of the Legislature:

As is my constitutional obligation, I submit to you a balanced state budget for the fiscal year beginning July 1, 2018. The budget before you meets the requirements I am obligated to fulfill, but it in no way represents my vision for the FY 2019 budget. Rather, it is a reflection of our state's urgent need for the long-term tax reform I fought to pass both in the special sessions of 2016 and the regular fiscal session of 2017.

This budget represents the realities of the fiscal cliff. The drastic cuts made to accommodate the \$1 billion in temporary revenue rolling off the books should come as no surprise because this problem has been festering since the temporary measures were passed. At the time, I was assured that they would serve as a bridge until long-term tax reforms could be made in the following fiscal year. That opportunity has now come and gone, and the cliff is upon us.

I want to be very clear that this is not the budget I want to implement, but unless the revenue that is scheduled to be lost is replaced, the cuts outlined in this budget will become a very painful reality. In order to account for the \$1 billion loss, drastic cuts will have to be made to health care, corrections, and higher education, including TOPS. I am confident that none of you will find it to be a budget you would want to put your name on either.

I would have liked for this budget to be a turning point. The fiscal crisis I inherited two years ago could have been put to bed simply by following the recommendations of the bipartisan fiscal task force you created. Instead, we are jeopardizing the wonderful progress that has been made.

After looking at the sobering realities of this budget, I hope you will be motivated to fix the problem now rather than later. If we wait until June, the state will be at risk of receiving another credit downgrade by the bond rating agencies, families will have a very difficult time planning for tuition costs, and hardworking citizens will be left in limbo wondering if they will still have a job come July 1.

For months now, I have been eager to negotiate a plan that will replace dollar-for-dollar the revenue being lost and stabilize our budget once and for all. I have presented my plan. Now it's your turn to come to the table with yours. I remain confident that we will solve the fiscal cliff and that this budget will never reach my desk. I urge you to make the responsible decision to fix the problem now so that Louisiana may continue on the road to prosperity.

-Governor John Bel Edwards

FOREWORD

As authorized by Act 247 of the Regular Legislative Session of 2005 this publication presents the Governor's Executive Budget in a concise manner. This streamlined format features a statewide summary of revenues, expenditures, and authorized positions, followed by Executive Budget recommendations, by budget schedule and budget unit, with a comparison to Existing Operating Budget, and a discussion of significant budget items.

Users who are seeking more detailed information about budget recommendations and program performance are urged to consult the FY 2018-2019 Executive Budget Supporting Document on the Office of Planning and Budget website http://www.doa.la.gov/pages/opb/pub/ebsd.aspx. The Supporting Document contains detailed financial and performance information at department, agency, and program levels.

To compare the Governor's budget recommendations to the Existing Operating Budget (EOB), it is necessary to identify a particular date in the current fiscal year as the comparison point. For the development of the FY 2018-2019 Executive Budget, FY 2017-2018 EOB was "frozen" on December 1, 2017.

For information about state government expenditures, the Division of Administration created and has continually improved and expanded LaTrac, Louisiana's Transparency and Accountability portal and online state spending database, including adding a new state contracts database, to provide citizens a tool for tracking government spending and an opportunity to demand accountability and better results from their tax dollars. Citizens are encouraged to utilize LaTrac, which may be accessed through the Division's website at http://www.doa.la.gov.

^{*} Forecast

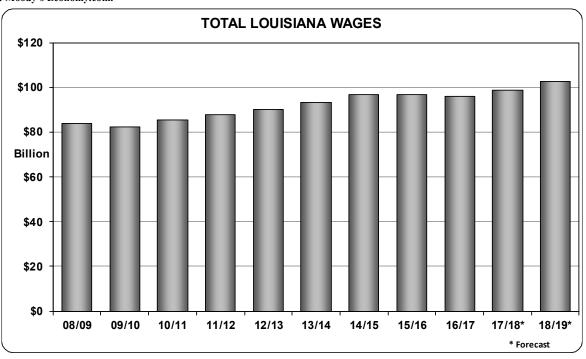

Louisiana Employment and Wages

Over the last several fiscal years since the Great Recession of 2008-2009 up to FY 2014-2015, Louisiana non-farm employment had been steadily rising, in tune with national economic activity. However, this steady increase hit a bump in FY 2015-2016, when the fall in the oil price per barrel had a profound effect on the Louisiana labor market. In the two fiscal years from FY 2014-2015 to FY 2016-2017, Louisiana shed a total of about 23,000 jobs, most of them concentrated in the oil services industry. For fiscal years FY 2017-2018 and FY 2018-2019 a slow and moderate recovery of the labor market is expected.

Louisiana nominal wages had been steadily increasing with the recovery after the Great Recession. In fiscal year FY 2014-2015 the increase hit 4%, a percentage not seen in the previous ten years. However, as the job market entered in recession in fiscal year FY 2015-2016, and employment fell, nominal wages stopped increasing. For FY 2016-2017 the change was negative 0.4%, but for the subsequent two fiscal years, FY 2017-2018 and FY 2018-2019 a higher estimate is expected, 2.8% and 4.3% respectively, in tune with a moderate recovery expected in the job market.

U.S. Real Gross Domestic Product

The following is based upon Moody's Economy.com data and forecast. After the Great Recession of 2008-2009, the U.S. economy expanded at a slow and steady pace. It did not see high rates of growth (as were seen in the past in other recoveries after recessions), but economic growth maintained a steady pace of about 2%. In fiscal year FY2014-2015 growth was of 3.2%, but in the following fiscal years, FY2015-2016 and FY2016-2017, it slowed to 1.7% and 1.9%, respectively. The projection of U.S. economic growth in FY2017-2018 is 2.7%, and for the following fiscal year, FY2018-2019, it is 2.6%.

Revenue Summary

Fiscal Year 2016 - 2017

Fiscal Year 2016-2017 ended with a revenue collection of Taxes, Licenses and Fees of \$11,935.6 million, which represents an increase of a little bit over \$1.5 billion, compared to the actual collection of Fiscal Year FY 2015-2016. Dedications remained overall stable, at about \$2.5 billion. This means that the bulk of the increase flowed into the State General Fund, which saw an increase of \$1,530.5 million. This increase stems from several temporary tax increases that were enacted in the 2016 extraordinary legislative sessions.

Statutory Dedications	2,508.3	4.7	0.2
State General Fund	9,427.3	1,530.5	19.4

The following table ranks the revenue sources with a \$10 million or higher increase during FY2016-2017 over prior fiscal year FY2015-2016:

Annual Revenue Increases Greater than \$10 Million

	Annual	Annual
	Change	Change
Revenue Source	(Million \$)	(%)
General Sales Tax	889.6	30.3
Excise License Tax (Insurance Premium Tax)	355.7	67.2
Vehicle Sales Tax	118.1	28.7
Individual Income Tax	81.7	2.8
Tobacco Tax	61.5	24.3

The bulk of the increased revenue to the state was in the collection of the General Sales Tax. The reason for this is the "penny sales tax"; that is, the state sales tax rate increase from 4% to 5% (and an accompanying sales tax base expansion). A similar reason applies to the rise in the Vehicle Sales Tax collection. Premium Insurance Tax collections rose mainly because an increase in the tax rate to Health Maintenance Organizations (HMOs). And, finally, the Tobacco Tax, also showed an increase in its collection, because of a cigarette tax increase.

The following table ranks the revenue sources with the largest projected annual percentage declines during Fiscal Year 2016-2017:

Annual Revenue Decreases Greater than \$10 Million

	Annual	Annual
	Change	Change
Revenue Source	(Million \$)	(%)
Severance Tax	-58.4	-13.6
Title Fee collection	-57.6	-69.6
Interest Earnings on the State General Fund	-13.2	-78.1
Royalties	-10.1	-6.7

The decreases in collections happened mainly in mineral revenue and in the Interest Earnings on the State General Fund. Mineral Revenue fell because of a significant decrease in the crude oil price and also in the state production of crude oil and natural gas. Interest Earnings decreased because of the low interest environment. Title Fee collections saw a decrease, because a portion of the title fees was moved out of the State General Fund to fees and self-generated revenue of the Department of Public Safety.

Revenue Summary - Fiscal Year 2017 - 2018

The Revenue Estimating Conference (REC) met December 14, 2017 and adopted a forecast for Fiscal Year 2017-2018 that projected an amount for Taxes, Licenses & Fees (TLF) of \$12,110.2 million; this represents an increase of \$174.6 million compared to the actual TLF collection of fiscal year FY2016-2017. With this Official Forecast, the State General Fund (SGF) is projected to increase by \$167.6 million, compared to the actual SGF collection in FY2016-2017 (a 1.8% increase).

	FY 2017-2018 Forecast	Annual Change	Annual Change
	(Million \$)	(Million \$)	(%)
Taxes, Licenses and Fees	12,110.2	174.6	1.5
Statutory Dedications	2,515.3	7.0	0.3
State General Fund	9,594.9	167.6	1.8

The following table ranks the revenue sources with a \$10 million or higher increase during Fiscal Year 2017-2018 over prior Fiscal Year 2016-2017:

Annual Revenue Increases Greater than \$10 Million

	AnnualChange	Annual Change
Revenue Source	(Million \$)	(%)
General Sales Tax	107.5	2.8
Excise License Tax (Premium Insurance Tax)	66.6	7.5
Individual Income Tax	34.1	1.2
Severance Tax	26.5	7.2

General Sales and Individual Income Tax collections are projected to increase with the general increase in economic activity. Premium Insurance Tax collections are expected to rise because of the effects of Medicaid expansion and the increase in the tax on Health Maintenance Organizations passed during the 2016 Second Extraordinary Session. Severance Tax collections are projected to rise with an increase in the oil price.

The following table ranks the revenue sources with the largest projected annual percentage declines during Fiscal Year 2017-2018:

Annual Revenue Decreases Greater than \$10 Million

	Annual Change	Annual Change
Revenue Source	(Million \$)	(%)
Corporate Collections	-38.4	-9.9
Vehicle Sales Tax	-28.0	-5.3
Lottery Proceeds	-15.1	-8.5

Expected Corporate Collections reflect a conservative outlook in this revenue source, given its high volatility in its collection. Vehicle Sales Tax is showing a slowdown compared to the previous year – the number of titled vehicles has decreased in that time frame, so that this needs to be reflected in the collection of the corresponding levy. Lottery Proceeds are the projection for Calendar Year 2017, which were lower than 2016.

Revenue Summary - Fiscal Year 2018 - 2019

The Revenue Estimating Conference meeting on December 14, 2017 also revised the forecast for FY2018-2019. This is often referred to as the "fiscal cliff" year. It projects a decrease of 10.4% in the State General Fund for FY2018-2019, compared to the projection for FY2017-2018. The bulk of this decrease is the fall-off of the "penny sales tax", enacted on a temporary basis during the 2016 First Extraordinary Session.

	FY 2018-2019 Forecast	Annual Change	Annual Change
	(Million \$)	(Million \$)	(%)
Taxes, Licenses and Fees	11,112.2	-998.0	-8.2
Statutory Dedications	2,510.9	-4.4	-0.2
State General Fund	8,601.3	-993.6	-10.4

The following table shows revenue sources that are projected to increase by \$10 million or more during Fiscal Year FY2018-2019:

Annual Revenue Increases Higher than \$10 Million

D	AnnualChange	Annual Change
Revenue Source	(Million \$)	(%)
Individual Income Tax	44.7	1.5
Motor Fuel Taxes	12.9	2.0

The projected increase in these revenues is linked to the expectation of a slow rise in economic activity, despite the challenges faced in the overall tax collection.

COMPARISON OF EOB TO RECOMMENDED

The following table ranks the revenue sources with a \$10 million or more estimated decrease during Fiscal Year FY2018-2019:

Annual Revenue Decreases Greater or Equal to \$10 Million

	AnnualChange	Annual Change
Revenue Source	(Million \$)	(%)
General Sales Tax	-829.8	-21.1
Vehicle Sales Tax	-73.7	-14.7
Corporate Collections	-50.0	-14.3
Excise License Tax	-38.7	-4.1

The reductions in the first three revenue sources (General and Vehicle Sales Taxes, and Corporate Collections) are a direct consequence of the "fiscal cliff" – that is, the expiration of the temporary tax increases and tax credit and deduction haircuts enacted in past legislative sessions. Most of these expire by June 30, 2018. The Excise License Tax collection is expected to have a small slow-down in its collection after two years of considerable increases.

BUDGET HIGHLIGHTS:

The total funding of \$71 million in the Department of Veterans Affairs FY 2018-2019 Executive Budget represents a 3.8% increase to the FY 2017-2018 Existing Operating Budget (EOB). The increase is primarily the result of an \$116,126 increase in State General Fund (Direct) (2.12%), and increases of Federal Funds by \$2.5 million (5.9%), and Fees and Self-generated Revenues by \$431,706 (2.57%), and a decrease of Interagency Transfers of \$485,611 (17.13%).

• <u>Department of Veterans Affairs</u>: The total funding of \$9.5 million in the Department of Veterans Affairs (Headquarters Office) FY 2018-2019 Executive Budget represents a 4.9% decrease from the FY 2017-2018 EOB. The change is due to an increase of \$116,126 in State General Fund (Direct), a decrease of \$200,000 in Interagency Transfers, a \$7,558 decrease of Fees and Self-generated Revenue, and a \$396,812 decrease of Federal Funds. The increase of State General Fund (Direct) is due to statewide adjustments. The decrease of Interagency Transfer and

Federal Funds is due in part to non-recurring funding added to the FY 17-18 budget for repairs in the veterans cemeteries. Part of the reduction of Federal Funds is also due to eliminating remaining funding for the Troops to Teachers activity, which is being done away with at the Federal level.

- <u>Louisiana War Veterans Home</u>: The total funding of \$9.7 million in the Louisiana War Veterans Home FY 2018-2019 Executive Budget represents an 8.58% reduction from the FY 2017-2018 EOB. The change is due primarily to a the elimination of 10 positions, and other expenses due to the home reducing the number of certified beds in the home to more align with its current and historical census.
- Northeast Louisiana War Veterans Home: The total funding of \$12.1 million in the Northeast Louisiana War Veterans Home FY 2018-2019 Executive Budget represents a 6.3% increase to the FY 2017-2018 EOB. The increase is entirely from additional Federal Funds due to statewide adjustments, and federal reimbursements for medication due to moving pharmacy services for residents back in house.
- Southwest Louisiana War Veterans Home: The total funding of \$13.1 million in the Southwest Louisiana War Veterans Home FY 2018-2019 Executive Budget represents a 7.9% increase to the FY 2017-2018 EOB. The change is primarily due to Federal Funds added to cover additional statewide expenses and increased funding for four additional T.O. positions added to provide care for residents. Additionally, Federal Funds were also added to cover additional expenses related to hiring temporary personnel to fill in when employees are out for extended periods of time and for federal reimbursements for medication due to moving pharmacy services for residents back in house, and to align the agency's Federal Fund budget authority with anticipated collections.
- Northwest Louisiana War Veterans Home: The total funding of \$12.3 million in the Northwest Louisiana War Veterans Home FY 2018-2019 Executive Budget represents an 8.7% increase to the FY 2017-2018 EOB. The change is due primarily to statewide adjustments, increased funding for two additional T.O. which were added to provide care for residents. Additionally, funding was added to cover additional expenses related to hiring temporary personnel to fill in when employees are out for extended periods of time and for federal reimbursements for medication due to moving their pharmacy services for residents back in house. Additional Federal Funds were also added to align the agency's Federal Fund budget authority with anticipated collections.
- Southeast Louisiana War Veterans Home: The total funding of \$14.2 million in the Southeast Louisiana War Veterans Home FY 2018-2019 Executive Budget represents a 10.4% increase to the FY 2017-2018 EOB. The change is due primarily to increases for statewide adjustments, and a means of finance substitution, replacing funds received via Interagency Transfers for centralized pharmacy that was previously housed at this facility. Funding was also added for four additional T.O. added to provide care for residents and for expenses related to hiring temporary personnel to fill in when employees are out for extended periods of time.

BUDGET HIGHLIGHTS:

The Department's 2018-2019 budget is reduced by a total of \$2.3 billion, of which, \$488.8 million is State General Fund (Direct). This represents a 17% reduction in total funds and 20% reduction in State General Fund (Direct) from FY2017-2018. Although this is a significant reduction in funding and services, the first and foremost priority is placed on preserving life.

Medicaid is jointly financed by the State and Federal governments. In 2018 federal match rate for the non-expansion population is 65% and 94% for the expansion population. The department continues efforts related to Medicaid expansion which allows us to maximize federal revenue and cover an additional 457,000 to date. Furthermore, as a result of

Medicaid expansion there has been greater than 150,000 preventive visits resulting in the early diagnosis and treatment of life-threatening diseases like cancer, hypertension, and diabetes. The department continues efforts to link payments to quality, to improve the success of our programs, and to improve overall health outcomes.

MEDICAID

Medical Vendor Administration (MVA): The FY 2018-2019 Executive Budget reflects a decrease in total funding of \$24.9 million. There are decreases in State General Fund (Direct) of \$603,352 and of Federal Funds of \$24.2 million. There is also a decrease in Statutory Dedications of \$135,608. The net reduction is largely due to a cut implemented as a result of the impending fiscal cliff and the reduction to Statutory Dedications is primarily due to replacing funding from Statutory Dedications which are projecting to collect less this year, with State General Fund (Direct).

- \$13.5 million (\$1.3 million State General Fund (Direct)/\$12.2 million Federal Funds) is a cut due to the delayed implementation for the Medicaid Modernization Project.
- \$3.8 million (\$1.9 million State General Fund (Direct)/ \$1.8 million Federal Funds) is being added to annualize funding for a contract to modernize the provider enrolment functions of the current Medicaid Management Information System (MMIS) which is designed to provide a single point of entry for health care providers into the Medicaid program.
- \$1.1 million (\$555,424 State General Fund (Direct) / \$555,424 Federal Funds) is being added to annualize funding in the Medicaid program to assist with efforts for creating a system of transition and diversion for individuals with Serious Mental Illness (SMI) to be placed in community settings when appropriate.
- \$4.25 million of Federal Funds is being added due to the projected increase in the number of Local Education Agencies (LEA's) requesting reimbursement for Administrative Claiming costs, due to an increase in the number of charter schools.

Medical Vendor Payments (MVP): The FY 2018-2019 Executive Budget reflects a net decrease in total funding of \$2.3 billion. There are decreases in State General Fund (Direct) of \$510.1 million, Interagency Transfers of \$16.9 million, Fees and Self-generated Revenue of \$162.7 million, Statutory Dedications of \$105.5 million, and Federal Funds of \$1.5 billion. These reductions are largely due to reductions to a \$1.6 billion cut to Private Providers and a \$784 million cut of disproportionate share hospital (DSH) payments implemented due to the impending fiscal cliff.

- \$971.7 million (\$260.6 million State General Fund (Direct)) is cut due to the elimination of the Long Term Care Special Income Level program which provides Medicaid coverage for aged, blind and disabled individuals whose income is too high to qualify for Supplemental Security Income (SSI) but is less than or equal to the special income level.
- \$831.5 million (\$205.7 million State General Fund (Direct)) is cut due to the reduction of DSH payments which are used to help cover costs for uninsured and for Medicaid shortfalls, as well as a reduction of Upper Payment Limit (UPL)/Full Medicaid Pricing (FMP) payments to public/private partners (PPP's), Lallie Kemp, and rural hospitals.
- \$160.1 million (\$56 million State General Fund (Direct)) is cut due to the elimination of the Long Term Personal Care Services program which provides hands-on assistance with basic self-care tasks to low income elders and person with adult-onset disabilities who cannot perform these services independently.
- \$123.8 million (\$43.7 million State General Fund (Direct)) is cut due to elimination of some mental rehabilitation services for individuals 21 years or older including psycho social rehabilitation services, community psychiatric support and treatment services, crisis intervention services, and services provided by licensed mental health professionals, as well as reductions to inpatient psychiatric services. This reduction also eliminates outpatient and residential substance abuse services for individuals 21 years or older.
- \$106.6 million (\$38.2 million State General Fund (Direct)) is cut due to the elimination of Provisional Medicaid which provides coverage for individuals who meet Supplemental Security Income (SSI) eligibility requirements, but whose applications are pending with the Social Security Administration (SSA) or who have not sought a decision.
- \$60 million (\$4.7 million State General Fund (Direct)) is saved due to the elimination of the FY 19 nursing home rebase and the elimination of nursing home bed holds.
- \$26.9 million (\$9.4 million State General Fund (Direct)) is cut due to the elimination of the Children's Choice Waivers and Supports Waivers. The children's Choice Waiver allows 1,475 children to live at home instead of an institution. The Supports Waiver allows 2,050 people with disabilities to earn an income through structured employment.
- \$32.7 million (\$11.7 million State General Fund (Direct)) is cut due to the elimination of the Medically Needy

Program (MNP) and elimination of the Spend-Down Medically Needy-Long Term Care Program (Spend-Down MNP-LTC). The MNP provides up to six months of Medicaid coverage for people with high medical expenses who meet eligibility requirements but have income that exceeds the maximum threshold. The Spend-Down MNP-LTC is a program for individuals residing in LTC facilities whose income is over the SSI eligibility limit and offers these individuals options to spend-down their income in order to help them gain Medicaid eligibility.

- \$30.3 million (\$10.9 million State General Fund (Direct)) is cut due to the elimination of Pediatric Day Healthcare services, which serves about 800 children with complex medical needs as a community-based alternative to long-term care and extending in-home nursing care..
- \$15.6 million (\$3.7 million State General Fund (Direct)) is cut due to the elimination of Medicaid coverage of services provided by Ambulatory Surgical Centers.
- \$14.7 million (\$5.1 million State General Fund (Direct)) is cut due to the elimination of DSH payments to the Office of Behavioral Health's private partners which they receive to compensate for shortfalls realized for providing behavioral health services to Medicaid and uninsured clients.
- \$13.5 million (\$4.8 million State General Fund (Direct)) is cut due to a reduction of the support coordination rate and the elimination of Supported Independent Living within the New Opportunity Waiver (NOW) Waiver program.
- There are decreases of \$70.2 million State General Fund (Direct)), \$308,290 Interagency Transfers, \$18.7 million of Fees and Self-generated Revenue, and an increase of \$83.8 million Federal Funds due to adjustment to the FY 18 and FY 19 FMAP rates. The FY 18 Title XIX blended rate is 63.34% federal and the FY 19 blended rate is 64.67% federal. For UCC, the FY 18 FMAP rate is 63.69% federal and the FY 19 rate is 65% federal.
- \$250 million (\$157 million increase in State General Fund (Direct)) increase for Managed Care Organization payments, largely due to the reinstatement of the Health Insurer's provider fee, utilization/trend adjustments, enrollment increases and annualization of FY18 enrollees, and annualization of FY 18 program changes. This MCO increase is based on per-member-per-month (PMPM's) being paid at the floor of the actuarially sound rate range.
- \$8.5 million (\$2.1 million increase in State General Fund (Direct)) increase for capitation rate payments for the population covered under the Dental Benefit Program for the Prepaid Ambulatory Health Plan (PAHP), due to utilization and continued enrollment growth in the expansion population.

BUDGET HIGHLIGHTS:

- \$57.9 million in Statutory Dedication is provided for the Taylor Opportunity Program for Students (TOPS) awards. TOPS awards were cut by \$233.3 million, the total amount provided in State General Fund (Direct), which will impact student enrollment in all University and College Systems. TOPS is Louisiana's merit-based scholarship program that awards qualifying students tuition payments for up to eight semesters at any eligible Louisiana institution.
- \$13.4 million in State General Fund (Direct) is provided for Go Grants. This recommended amount reflects a reduction of \$13 million from the Existing Operating Budget of \$26.4 million. These grants are designed to help bridge the gap between the total amount of other forms of aid a student is awarded and the cost of attendance. A decrease in funding will limit availability of funds for present and future students by either 1) serving less students in total, or 2) serving the same number of students with less individual funding in total.
- The FY 2018-2019 Executive Budget includes a reduction of State General Fund (Direct) of \$25.6 million, decreasing resources and services to all University and College Systems institutions, Office of Student Financial Assistance, Louisiana Universities Marine Consortium, LSU Health Sciences Centers in New Orleans and Shreveport, Pennington Biomedical Research Center, LSU and SU Agricultural Centers, and SU Law Center.
- The appropriations from State General Fund (Direct) contained herein to the Board of Regents pursuant to the budgetary responsibility for all public postsecondary education provided in Article VIII, Section 5(A) of the Constitution of Louisiana and the power to formulate and revise a master plan for higher education which shall include a formula for the equitable distribution of funds to the institutions of postsecondary education pursuant to

Article VIII, Section 5(D)(4) of the Constitution of Louisiana, are and shall be deemed to be appropriated to the Board of Supervisors for the University of Louisiana System, the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College, the Board of Supervisors of Southern University and Agricultural and Mechanical College, the Board of Supervisors of Community and Technical Colleges, their respective institutions, the Louisiana Universities Marine Consortium Programs, and the Office of Student Financial Assistance Program within the Board of Regents and in the amounts and for the purposes as specified in a plan and formula for the distribution of said funds as approved by the Board of Regents.
