

DECLARATION OF EMERGENCY

Office of the Governor Uniform Construction Code Council

International Existing Building Code (LAC 17:I.105)

The Uniform Construction Code Council, hereafter referred to as the “LSUCCC” or the “Council”, has exercised the emergency provision in accordance with R.S. 49:962 of the Administrative Procedure Act, to amend LAC 17:I.105 in the Uniform Construction Code as authorized by R.S.40:1730.28. Furthermore, the LSUCCC has found an immediate need to adopt by emergency process the attached Rule relative to amending the *2021 International Existing Building Code* by amending Chapter 2, Definitions; adopting Section 201.5, Reference Standards; and the applicable standards referenced in that code are included for regulation of construction. These changes are a direct result of the need to provide reference standards for the conveyance industry in line with R.S. 40:1646 and R.S. 40:1664.1 et seq. This amendment will serve to better protect the public and to follow national guidelines for occupants to live and work in safe, healthy, resilient environments.

The LSUCCC is promulgating this Emergency Rule amendment to provide greater health and safety for the public and for those living and working in conditioned spaces. These rules were first adopted and published in Volume 33, Number 291, of the *Louisiana Register*. This Emergency Rule is being promulgated to continue those provisions. The public welfare dictates that these changes be implemented immediately through the adoption of the Emergency Rule to promote greater access to safer environments and to ensure safety to existing facilities and their occupants. By the signature of the agency head, Brad Hassert, this Emergency Rule shall have the force and effect of law on November 4, 2025, and will remain in effect 180 days, unless renewed by the agency head of the council, or until permanent rules are promulgated in accordance with law.
