### D. Existing Program Description Modification

This Action Plan Amendment No. 25 is modifying the Louisiana Military Department-Affordable Rental Housing Program (LMD-ARHP) description submitted in our substantial Action Plan Amendment No. 13. Within Action Plan Amendment No. 13, the state included the following description of the LMD-ARHP: "The existing housing will be demolished and replaced by at least 40 newly constructed homes that will be rented at affordable rates to military personnel and their families."

Through this amendment, the state amends this description to the following: "The existing housing will be demolished and replaced by at least 25 newly constructed homes that will be rented at affordable rates to military personnel and their families." The number of newly constructed homes were reduced due to the impact the COVID pandemic had on supply chain demands and construction costs. This amendment is required to clarify the program's number of beneficiaries.
