

Early Childhood System Integration Budget

For FY 2026-2027 at Appropriated

The Early Childhood System Integration Budget (ECSIB) was created by Act 774 of the 2008 Regular Session of the Louisiana Legislature. The ECSIB is organized along the four components of Louisiana's early childhood system (access to medical care, social-emotional development and mental health, early care and education, and family support and parenting education) as opposed to by department, thus detailing the state's allocation of financial resources for children up to the age of five in these areas. Within these four areas, each department categorizes program specific information, including the lead contact person, a very brief program description, the population served, the sources of funding for the program, and the parishes being served. For each line item, actual state and federal dollars invested in the program are detailed.

Board of Elementary and Secondary Education - Kimberly Tripeaux	8(g) Student Enhancement Block Grant Program-Prekindergarten Focus Early Childhood Care and Education Network Expansion	Block Focus: 6-hour/day developmentally appropriate instructional program. Statewide Focus: The project intends to build upon the initial pilot efforts of Act 3 (2012) by fully implementing Act 3 as called for by law in the 2025-2026 academic year. The purpose of the project is to support local Community Networks to increase the number of children entering kindergarten ready to succeed. The project will result in more teachers and leaders: Understanding the importance of and how to create high quality adult-child interactions and instruction, Understanding how to use child assessment results to tailor instruction and implementing classrooms best practices, including high-quality standards-based curricula.	Block: At-risk four-year-olds (at risk of being developmentally-unprepared for Kindergarten); Priority given to low-income families. Statewide: Improved academic achievement for all students.	Statutory Dedications - Louisiana Quality Education Support Fund -- 8(g) -- with the Statewide portion as an IAT to DOE. Note: Block funding for Pre-K allocations are based on an estimate.
