Certification in accordance with R.S. 39:75A(3)(a) \$577,073,871

III. Current Year Items Requiring Action

IV. Horizon Issues Not Contained in 5-Year Plan

The Hurricane and Storm Damage Risk Reduction System (HSDRSS) Projects were completed May 2022. At that time, the State's share of the total cost was \$1.19 billion, and in addition, the State faced accrued construction interest in excess of \$600 million. Federal legislation passed in December 2020 and December 2022, provides an option to forgive the accrued construction interest if the State makes specified required payments by September 30, 2021 and by September 30, 2023, which was achieved through payments totaling \$800 million and approved crediting of other projects totaling \$110 million.

The State must pay the remaining principal by June 1, 2032. According to the U.S. Army Corps of Engineers, as of September 27, 2023, the State's remaining share of the total costs of the HSDRRS is \$239 million. However, additional crediting is under review by the Corp, which will further reduce the remaining amount owed.
