EDUCATION

Part XXXIX. Bulletin 1566—Pupil Progression Policies and Procedures

Editor's Note: Bulletin 1566 was promulgated in LR 6:144 (April 1980), amended LR 11:685 (July 1985) and LR 16:766 (September 1990), promulgated LR 19:1417 (November 1993), amended LR 24:2081 (November 1998). Historical notes will reflect activity on individual Sections from November 1999 forward.

Chapter 1. Purpose

§101. Foreword

A. This publication represents a forward step in the implementation of a vital component of the Louisiana Competency-Based Education Program. These policies and procedures represent a cooperative effort of offices in the Louisiana Department of Education (DOE), and educators from across the state.

B. The DOE will continue to provide leadership and assistance to school systems in an effort to attain a public system of education that makes the opportunity to learn available to all students on equal terms.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:7; R.S. 17:24.4.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 25:2169 (November 1999), amended LR 33:2061 (October 2007), 36:2001 (September 2010).

§103. Preface

A. "The goal of the public educational system is to provide learning environments and experiences, at all stages of human development, that are humane, just and designed to promote excellence in order that every individual may be afforded an equal opportunity to achieve his full potential" (Preamble to Article VIII, Louisiana Constitution). This goal statement from the Constitution suggests that public elementary and secondary education is only a part of a continuum of services that should be available to assist each individual to identify and reach his/her own educational or training goals as quickly and effectively as possible.

B. The amendment and enactment of the Louisiana Competency-Based Education Program, Act 750, (R.S. 17:24.4) by the Louisiana State Legislature in Regular Session during the summer of 1997, was the result of an ever-increasing demand by Louisiana's taxpayers for a better accounting of their educational dollars. This far-reaching statute called for:

1. the establishment of a program for shared educational accountability in the public educational system of Louisiana;
2. the provision for a uniform system of evaluation of the performance of school personnel;
3. the attainment of established goals for education;
4. the provision of information for accurate analysis of the costs associated with public educational programs;
5. the provision of information for an analysis of the effectiveness of instructional programs; and
6. the annual assessment of students based on state content standards.

C. The Louisiana Competency-Based Program is based on the premise that the program must provide options to accommodate the many different learning styles of its students. Every effort is being made to tailor the curriculum to the needs of the individual student, including the student with special instructional needs who subsequently needs curricular alternatives. Such a practice enhances the probability of success, since the student is provided with an instructional program compatible with his individual learning styles as well as with his needs.

D. The Louisiana State Legislature in Regular Session during the summer of 1997 amended and reenacted R.S. 17:24.4(F) and (G)(1), relative to the Louisiana Competency-Based Education Program, to require the state Board of Elementary and Secondary Education (BESE) to adopt rules relative to the promotion of fourth and eighth grade students.

E. The amended Sections relate state content standards adopted for mathematics, English language arts, science, and social studies, to the Louisiana Educational Assessment Program (LEAP), and to the comprehensive pupil progression plans of each of the local educational agencies.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:7 and R.S. 17:24.4.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 25:2169 (November 1999), amended LR 33:2061 (October 2007), LR 36:2001 (September 2010), LR 44:479 (March 2018).

Beginning with the end of the 2017-2018 school year and at the end of each school year thereafter, each local education agency shall identify, based on a preponderance of evidence of student learning, third and fourth grade students who have scored below “basic” achievement level in at least two core academic subjects, including English language arts, mathematics, science, and social studies, that would enable them to successfully transition to the next grade level. Fourth grade students who have not met such an acceptable level of performance may be retained or promoted, but in either case, shall be provided with an individual academic improvement plan that adheres to the following requirements.

1. The school shall convene an in-person meeting with the student’s parent or legal custodian, all teachers of core academic subjects, and specialized support personnel, as needed, to review the student’s academic strengths and weaknesses, discuss any other relevant challenges, and formulate an individual academic improvement plan designed to assist the student in achieving proficiency in all core academic subjects. All participants shall sign the documented plan, using a template provided by the department, and shall meet to review progress at least once more before the next administration of the LEAP assessment.

2. The student shall be provided with focused, on-grade level instructional support that is appropriate to the content area(s) in which the student has not yet achieved proficiency. Instruction shall be aligned with state academic content standards.

3. The student requiring an academic improvement plan shall be identified as such in the state student information system (SIS).

4. The student shall be afforded the opportunity to receive on-grade level instruction during the summer.

5. Each LEA shall adopt a written policy pertaining to the development of individual academic improvement plans. This policy shall be included in the pupil progression plan of the LEA.

Students who do not meet the promotion standard after taking the eighth grade state assessments may be placed on a high school campus in the transitional ninth grade. For any student who recently completed the eighth grade and is transferring into the LEA from another state or country, the LEA shall review the student’s academic record to determine appropriate placement in ninth grade or transitional ninth grade. Such placement shall occur no later than October 1 of each school year.

The student is placed in the classroom of a teacher who has been rated “highly effective” pursuant to his/her most recent evaluation or has achieved a value-added rating of “highly effective” pursuant to his/her most recent evaluation, or has documented evidence derived from state summative assessments of improving the academic performance of students having individual academic improvement plans in the past.

b. The student completes summer remediation in accordance with Subsection A of this Section.

c. Additional instructional time is provided during or outside of the school day to expose the student to high quality instruction. This shall not result in a student being removed from English language arts, mathematics, science, or social studies courses.

d. The student is provided access to on grade-level instruction that is aligned to Louisiana state standards, which may include some below grade-level content and support needed to address the student’s identified weaknesses.

3. Remediation programs used throughout the school day and school year shall not account for more than 35 percent of total instructional minutes.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6, 17.7, and 17:24.4.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 36:2005 (September 2010), amended LR 40:2533 (December 2014), LR 44:482 (March 2018), LR 44:1004 (June 2018), LR 46:18 (January 2020).
