I. Overview

This Action Plan Amendment No. 28 amends allocations to the Environmental Clearance; Infrastructure Program Delivery; and Local Government Infrastructure programs.

Program	Previous Total	Reallocation	Proposed Total	% Change
Environmental Clearance	\$1,500,000.00	(\$155,762.26)	\$1,344,237.74	(10.38%)
Infrastructure Program Delivery	\$32,440,752.00	(\$830,815.87)	\$31,609,936.13	(2.56%)
Local Government Infrastructure Program	\$33,837,759.73	\$986,578.13	\$34,824,337.86	2.92%
Total:	\$67,778,511.73	\$0	\$67,778,511.73	

II. Reallocation of Funds for Existing Programs

A. Environmental Clearance

The Environmental Clearance budget is reduced to \$1,344,237.74 because funds have been de-obligated from activities that are completed and closed out. This program was created in Action Plan Amendment 13.

B. Infrastructure Program Delivery

The Infrastructure Program Delivery budget is reduced to \$31,609,936.13 because funds have been de-obligated from this activity that is complete and in the closeout process. The Infrastructure Program Delivery activity was created in Action Plan Amendment 6, and amended in Amendments 12, 13, 14, 17, 18 and 22.

C. Local Government Infrastructure Program

The Local Government Infrastructure budget is increased to \$34,824,337.86 in order to fund an eligible activity to continue to meet the ongoing critical recovery needs of public entities. This program was created in Action Plan Amendment 15, and amended in Amendments 18, 20, 22 and 25.

This amendment is considered non-substantial because it does not create a new program, does not change any eligible beneficiaries and does not re-allocate more than 15% of funds in any program.
