

## **Citizen Participation Requirements for LCDBG Applicants**

Each applicant/grantee shall provide citizens with adequate opportunity to participate in the planning, implementation, and assessment of the CDBG program. The applicant/grantee shall provide adequate information to citizens, hold a public hearing at the initial stage of the planning process to obtain views and proposals of citizens, and provide opportunity to comment on the applicant's/grantee's community development performance.

### **Developing a Citizen Participation Plan**

All applicants and grantees must **develop** and **adopt** a Citizen Participation Plan prior to application preparation in order to be in compliance with Section 508 of the Housing and Community Development Act of 1974, as amended. The Plan at a minimum should:

- a) provide for and encourages citizen participation, with particular emphasis on participation by persons of low and moderate income who are residents of slum and blighted areas and of areas in which funds are proposed to be used;
- b) provide citizens with reasonable and timely access to local meetings, information, and records relating to the unit of local government proposed method of distribution and relating to the actual use of funds under Title I of the Housing and Community Development Act of 1974, as amended;
- c) provide for technical assistance to groups representative of persons of low and moderate income that request such assistance in developing proposals with the level and type of assistance to be determined by the grantee;
- d) provide for public hearings to obtain citizen views and to respond to proposals and questions at all stages of the community development program, including at least the development of needs, the review of proposed activities, and review of program performance; which hearings shall be held after adequate notice, at times and locations convenient to potential or actual beneficiaries, and with accommodations for the handicapped;
- e) provide for a formal written procedure which will accommodate a timely written response to written complaints and grievances, within 15 days where practicable; and
- f) identify how the needs of non-English speaking residents will be met in the case of public hearings where a significant number of non-English speaking residents can be reasonably expected to participate.

For grant applications, the plan must be made available to the public at the beginning of the planning stage, i.e., the first public hearing. The plan must include procedures that meet the following requirements.

### **Scheduling and Providing Notices of Public Hearings**

Adequate notice must be given of the public hearing. A minimum of five calendar days notice shall be given. Public hearings must be scheduled early in the planning process to ensure adequate public participation and still have time to develop an application. In addition, the applicant/grantee must provide citizens with reasonable and timely access to the public hearings. The location and times of these hearings must be scheduled in such a manner as to be convenient to potential or actual beneficiaries with accommodations for the handicapped and non-English speaking persons.

Citizens, with particular emphasis on persons of low and moderate income who are residents of slum and blighted areas, must be encouraged to submit their views and proposals regarding community development and housing needs. Citizens must be made aware of where they may submit their views and proposals should they be unable to attend the public hearing. Where a significant number of non-English speaking residents can be reasonably expected to participate in a public hearing, an interpreter must be present to accommodate the needs of the non-English speaking residents. Citizens must be provided with the following information at the public hearing prior to application submittal to the state. The following items must be included in the first public notice:

- i. the amount of funds available for proposed community development.
- ii. the range of activities that may be undertaken, including the estimated amount proposed to be used for activities that will benefit persons of low and moderate income.
- iii. the plans of the applicant for minimizing displacement of persons as a result of activities assisted with such funds and the benefits to be provided by persons actually displaced as a result of such activities.
- iv. if applicable, the applicant must provide citizens with information regarding the applicant's performance in prior LCDBG programs funded by the state.

Written minutes of hearings and an attendance roster must be kept for review by state officials. Nothing in these requirements shall be construed to restrict the responsibility and authority of the applicant for the development of the application.

A second public notice must be published after the first public hearing has been held and prior to the application being submitted. This notice must be published a minimum of seven calendar days prior to application submittal. The second notice must inform citizens of the proposed objectives, proposed activities, the location of the proposed activities, and the amounts to be used for each activity. Citizens must be given the opportunity to review the application and comment on the proposed application. The notice must state the proposed submittal date of the application and must further provide the location at which, and hours when, the application is available for review. The application must be available for review when the notice is published in the newspaper.

In addition to the information required to be included in each public notice, you will find, in order to satisfy all the requirements of Citizen Participation, there is additional information which must be provided citizens and the most logical source for this provision is public notices. The sample Citizen Participation Plan, sample attached, incorporates all of the required elements. Review this document carefully.

Applicants must submit a notarized proof of publication of each public notice with the application.

#### Technical Assistance

The applicant must provide technical assistance to facilitate citizen participation where requested, particularly to groups representative of persons of low to moderate income. The level and type of technical assistance shall be determined by the applicant/grantee based upon the specific needs of the community's residents.

### Amendments

The grantee must involve citizens in program amendments to the Community Development program. This shall be done by means of a public hearing prior to the submittal of the request for a program amendment to the state. Minutes of the hearing and a roster of those in attendance must be included with the program amendment request. *Exception:* a public hearing is not required if the activity of acquisition will be eliminated from a program.

### Complaint Procedures

Each applicant/grantee must have written citizen and administrative complaint procedures which provides the address, phone number and times for submitting complaints and provides for a maximum of fifteen working days, where practicable, for a written response. The Plan must provide citizens with information relative to these procedures or, at a minimum, provide citizens with the information relative to the location and hours at which times they may obtain a copy of these written procedures. The complaint procedure has been included in the Citizen Participation Plan.

All written citizen complaints which identify deficiencies relative to the applicant/recipient's community development program merit full and prompt consideration and must be handled according to the grantee's written complaints procedures. Good faith attempts must be made to satisfactorily resolve the complaint at the local level. Complaints must be filed with the Chief Elected Official or his/her designee, who will investigate and review the complaint. A written response from the Chief Elected Official to the complainant must be made within fifteen working days, where practicable. A copy must be forwarded to the Division of Administration, Office of Community Development. The complainant must be made aware that if he/she is not satisfied with the response, a written complaint may be filed with the Division of Administration, Office of Community Development.

All citizen complaints relative to Fair Housing/Equal Opportunity violations involving discrimination must be forwarded to the Louisiana Department of Justice (DOJ), Public Protection Division, P. O. Box 94095, Baton Rouge, LA 70804-9095, for disposition. The complainant must be notified in writing within 10 days that, due to the nature of the complaint, it has been forwarded to LA Department of Justice. Citizens must be made aware that they can forward a complaint alleging discrimination directly to the Department of Justice or may contact the Department of Justice by telephone 1-800-273-5718 or TDD 1-225-342-7900.

Persons wishing to object to approval of an application by the State may make such objection known to the Division of Administration, Office of Community Development. The State will consider objections made only on the following grounds:

- a) the applicant's description of needs and objectives is plainly inconsistent with available facts and data;
- b) the activities to be undertaken are plainly inappropriate to meeting the needs and objectives identified by the applicant; or
- c) the application does not comply with the requirements set forth in the state's Annual Action Plan or other applicable laws.

Such objections should include both an identification of the requirements not met and, in the case of objections relative to (a) above, must include the data upon which the objection is based.

### Performance Hearings

Prior to close-out of the Community Development Program, the recipient must have a public hearing to obtain citizen views and to respond to questions relative to the recipient's program performance. This hearing must be conducted after the construction has been completed. It may be conducted during or after the lien period. A copy of the public notice and minutes of the hearing must be submitted with the close-out documents.

Documentation must be kept at the local level to support compliance with the aforementioned requirements.
