d. The department will provide written notice of a denial, termination, or refusal to renew academic approval to the center.

e. The denial, termination or refusal to renew a center's academic approval will be effective when notice of the denial, termination, or refusal to renew is given.

M. Appeal Procedure

1. BESE will have the authority to grant an appeal of the denial, termination or refusal to renew academic approval for a type III early learning center.

2. The appeal procedure will be used when needed to address unforeseen and aberrant factors impacting type III early learning centers or when needed to address issues that arise when the literal application of the academic approval regulations does not consider certain unforeseen and unusual circumstances.

3. A type III early learning center may request an appeal of the denial, termination, or refusal to renew its academic approval by submitting a written request for an appeal to the department within 15 calendar days of being given notice of the denial, termination, or refusal to renew its academic approval.

4. All appeal requests must clearly state the specific reasons for requesting the appeal and the reasons why the appeal should be granted and must include any necessary supporting documentation.

5. The department will review all timely submitted appeal requests and make recommendations to BESE during the first regularly scheduled BESE meeting following receipt

of the appeal requests, or during the second regularly scheduled BESE meeting if an appeal request is received within 10 working days of the next regularly scheduled BESE meeting. Within this interval, the department will notify the center of its recommendation and allow the center to respond in writing. The department's recommendation and the center's response must be submitted to BESE for final disposition.

6. An early learning center that appeals the termination or refusal to renew its academic approval will retain its academic approval during the appeal process.

Chapter 5. Early Childhood Care and Education Accountability System

§501. Early Childhood Care and Education Accountability System (Accountability System)

A. The early childhood care and education accountability system (accountability system) is the uniform accountability system created pursuant to R.S. 17:407.23(B)(3) and used to evaluate the performance of publicly-funded early childhood care and education sites and community networks in preparing children for kindergarten and to assign a performance profile to each site and community network.

B. Participants

1. Publicly-Funded Early Childhood Care and Education Sites (Publicly-Funded Sites)

a. All publicly-funded sites with at least one classroom on October 1 shall participate and shall be included in the accountability system.

b. All publicly-funded sites with at least one classroom on October 1 and one classroom on February 1 shall participate and shall receive a performance profile for the school year.

c. All classrooms in existence on either October 1 or February 1 in a publicly-funded site shall be included in the accountability system for that school year.

d. Publicly-funded sites that open after October 1 of a school year shall not participate in the accountability system, as provided in this Chapter, until the start of the following school year.

2. Community Networks

a. All community networks shall participate and shall be included in the accountability system and shall receive a performance profile for the school year.

performance shall remain part of the community network performance profile for the school year.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:407.21 et seq.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 41:2585 (December 2015).

§503. Coordinated Observation Plan and Observation Requirements

A. Coordinated observation is the local process by which each community network ensures that every classroom in a publicly-funded site in the community network receives two *CLASS*[®] observations each school year.

B. *CLASS*[®] Observation Requirements

1. A *CLASS*[®] observation is an observation of the typical experiences of children in a classroom using the appropriate toddler or pre-K *CLASS*[®] using all domains, typically occurring during the morning, in which a reliable observer conducts four 20-minute cycles of observation and note-taking followed by at least 10 minutes of scoring after each observation cycle.

2. Domains and Dimensions

a. *CLASS*[®] observations for infant classrooms must include the infant *CLASS*[®] domain and all dimensions contained within.

b. *CLASS*[®] observations for toddler classrooms must include both toddler *CLASS*[®] domains, which are emotional and behavioral support and engaged support for learning, and all dimensions contained within.

c. *CLASS*[®] observations for pre-K classrooms must include all three pre-K *CLASS*[®] domains, which are emotional support, classroom organization, and instructional support, and all dimensions contained within.

3. Required Observations

a. For the 2020-2021 academic year only, all infant, toddler, and pre-K classrooms in a publicly-funded site will receive one *CLASS*[®] observation during the school year conducted by the community network.

b. Any infant, toddler, and/or pre-K classroom that receives a fall *CLASS*[®] score of 4.49 or lower after third party replacement (if applicable) shall be observed a second time.

c. Following the 2020-2021 academic year, all infant, toddler, and pre-K classrooms in a publicly-funded site will receive two *CLASS*[®] observations during the school year conducted by the community network.

d. Following the 2020-2021 academic year, one observation shall occur during the fall observation period, if the classroom is in existence on October 1, and the other shall occur during the spring observation period, if the classroom is in existence on February 1.

e. *CLASS*[®] observations conducted by third-party contractors hired by the department shall not count towards this requirement.

f. Infant Classrooms

i. For the 2018-2019 school year, all infant classrooms in a publicly-funded site shall be reported to the department as part of the community network's count of classrooms, and may conduct or allow local or third-party observations as practice.

ii. For the 2019-2020 school year, all infant classrooms in a publicly-funded site shall receive two *CLASS*[®] observations during the school year conducted by the community network, but the observations shall not be included in the performance ratings for the 2019-2020 school year.

(a). One observation shall occur during the fall observation period, if the classroom is in existence on October 1, and the other shall occur during the spring observation period, if the classroom is in existence on February 1.

(b). *CLASS*[®] observations conducted by third-party contractors hired by the department shall not count towards this requirement.

iii. For the 2020-2021 school year and beyond, all infant classrooms in a publicly-funded site shall receive two *CLASS*[®] observations during the school year conducted by the community network.

(a). One observation shall occur during the fall observation period, if the classroom is in existence on October 1, and the other shall occur during the spring observation period, if the classroom is in existence on February 1.

(b). *CLASS*[®] observations conducted by third-party contractors hired by the department shall not count towards this requirement.

4. Use of Infant, Toddler, or Pre-K *CLASS*[®]. Classrooms shall be observed with the same *CLASS*[®] throughout the school year based on the composition of the classroom when the observation plan required in Subsection C of this Section is submitted according to the following:

a. a classroom that only has infant children or a classroom that has a mix of infant and toddler children in which a majority are infant children shall be observed with the infant *CLASS*[®];

b. a classroom that has all toddler children or a classroom that has a mix of infant and toddler children in which the majority or at least half are toddler children shall be observed with the toddler *CLASS*[®];

c. a classroom that has all pre-K children or a classroom that has a mix of toddler and Pre-K children in which the majority or at least half are pre-K children shall be observed with the pre-K *CLASS*[®];

d. a classroom that has a mix of pre-K and kindergarten age children shall be observed using the pre-K *CLASS*[®] when either the majority of the class is pre-K or if the classroom receives early childhood funding;

e. a classroom that is a combination of infant, toddler, and pre-K children must be observed using the tool appropriate for the majority of the class. If there is no clear majority among the three age groups, the toddler tool must be used.

5. The department shall monitor observer accuracy within each observation period by comparing the domain-level results from classroom observations conducted by the department's third-party contractors to the domain-level results from classroom observations conducted by the community network for each observer.

a. Within each school year, for observations conducted by a community network observer that have been compared to domain-level results conducted by the department's third-party contractors, if more than 20 percent of the domain-level results are different by more than 1 point for the community network observer, that observer and lead agency will be issued a notice in writing by the state regarding the level of accuracy.

b. Within each school year, for observations conducted by a community network observer that have been compared to domain-level results conducted by the department's third-party contractors, if more than 33 percent of the domain-level results are different by more than 1 point for the community network observer, that observer will be shadow scored by another community network observer in the next observation period.

c. At the end of the school year, for observations conducted by a community network observer that have been compared to domain-level results conducted by the department's third-party contractors within the same community network, if 50 percent or more of the domain-level results are different by more than one point for the community network observer over the course of the school year, the department may determine that the community network observer shall not be able to conduct observations for that community network for the next observation period.

i. If the observer is no longer able to conduct observations for the community network, the department shall notify the observer and the lead agency that the observer shall not be able to conduct observations for that community network for the next observation period.

ii. A lead agency or community network observer may request in writing that the department review its decision in Subparagraph 5.c of this Subsection within 15 calendar days of receiving the decision.

iii. All requests for departmental review shall clearly state the specific reasons for requesting the review and the action being sought, and shall include all necessary supporting documentation.

iv. The department shall respond to the request for departmental review within 30 calendar days after receiving it.

v. The department may waive the action in Subparagraph 5.c of this Subsection in cases of extenuating circumstances or if the action would result in no other assessor being available to conduct required observations.

d. Observers who are receive notification from the department under Clause 5.c.i of this Subsection must meet the reliability requirements of 80 percent accuracy through annual recertification prior to being permitted to complete observations for the community network.

e. At the end of each observation period, the department will notify lead agencies in writing of all community network observers that have more than 20 percent of the domain-level results that differ by more than 1 point from comparable observations conducted by the department's third-party contractors.

C. Coordinated Observation Plan

1. Local Protocol. Each community network shall develop and maintain, no later than September 30 of each year, a written local protocol for coordinated observation using *CLASS*[®] that at a minimum includes:

a. the number of *CLASS*[®] observers who will conduct observations;

b. a plan to ensure reliable data that includes the following requirements:

i. all observers are reliable, which is defined as all observers having a certification achieved by completing and passing all trainings and assessments required by Teachstone to conduct a *CLASS*[®] observation with validity and fidelity;

ii. all observers maintain inter-rater reliability and fidelity. Inter-rater reliability occurs when two or more observers produce consistent observation results for the same classroom at the same time;

iii. the community network conducts inter-rater reliability observation checks for 10 percent of all classrooms observed during the fall observation period and for 10 percent of all classrooms observed during the spring observation period, and that these reliability observation checks include every observer and at least one observation for each classroom age configuration in the community network at least once annually; and

iv. no observer shall conduct an observation in which the observer is an immediate family member, as defined in R.S. 42:1102, of a teacher in the classroom being observed or an immediate family member of an individual who supervises or provides training or technical assistance to a teacher in the classroom being observed or has a direct financial interest in the site where the classroom is being observed.

2. Observation Schedule

a. In 2018-2019, each community network shall submit an observation schedule that includes two observations for each toddler and pre-K classroom identified in Paragraph B.3 of this Section.

b. In 2019-2020 and beyond, each community network shall submit an observation schedule that includes two observations for each infant, toddler, and pre-K classroom identified in Paragraph B.3.b, with one observation scheduled during the fall observation period and one during the spring observation period.

3. Submission of Observation Schedules

a. For the fall observation period, the observation schedule must be submitted to the department by October 1 unless otherwise specified by the department.

b. For the spring observation period, the observation schedule must be submitted to the department by February 1 unless otherwise specified by the department.

c. Lead agencies may alter these schedules after submission as required by local circumstances, or in order to complete local observations around the same time as third-party observations.

D. Waiver

1. The state superintendent of education shall have the authority to grant waivers to lead agencies for specific requirements of the coordinated observation plan or observation requirements included in this Chapter, with the exception of Clause C.1.d.iv of this Section.

2. Lead agencies seeking a waiver shall submit a written request the department prior to or at the time of the submission of the coordinated enrollment plan. The request shall cite the specific requirement for which a waiver is being requested and shall clearly state the reasons why the waiver is being requested and why it should be granted. Waiver requests shall include any supporting documentation that substantiates the need for the waiver.

3. The department shall respond in writing to waiver requests within 30 calendar days after receiving the request.

E. The department shall publicly release the reliability requirements for third-party contractors hired by the department annually.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 41:2586 (December 2015), amended LR 42:1872 (November 2016), LR 43:2131 (November 2017), LR 44:1440 (August 2018), LR 45:1453 (October 2019), LR 47:452 (April 2021).

§505. Performance Profiles

A. The performance profiles for publicly-funded sites and for community networks shall include:

1. a performance rating as provided in §509 for publicly-funded sites and as provided in §511 community networks; and

2. informational metrics as provided in §513.

B. Each publicly-funded site and each community network shall receive a performance profile based on performance each school year.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:407.21 et seq.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 41:2587 (December 2015).

§509. Performance Rating Calculations for Publicly-Funded Sites

A. Performance Rating

1. For the 2018-2019 and 2019-2020 school years, the performance rating for each publicly-funded site shall be based on the average of the dimension-level toddler and pre-K observation results from the fall and spring observation periods for all toddler and pre-K classrooms within the site, excluding the negative climate dimension.

2. For 2020-2021 school year and beyond, the performance rating for each publicly-funded site shall be based on the average of the dimension-level infant, toddler, and pre-K observation results from the fall and spring observation periods for all infant, toddler, and pre-K classrooms within the site, excluding the negative climate dimensions.

a. Exception due to the COVID-19 pandemic with regard to observation completion and other associated challenges. For the 2020-2021 school year only, the performance rating for each site which received at least one observation during 2020-2021 shall be based on the higher of the published 2019-2020 performance rating and the 2020-2021 performance rating calculated for the site.

i. The LDE shall share performance summaries based on 2020-2021 observations for informational purposes only.

ii. Sites not receiving any observations during the 2020-2021 school year shall not receive a performance rating.

3. BESE may include a weight for improvement beginning with the 2016-2017 school year.

4. Sites that have classrooms which receive a score of 3.5 or above for the negative climate dimension and sites that have infant classrooms that receive a “low” on the lack of adult negativity indicator will receive a notice in writing at the end of the observation period in which the score was received. If a site receives a notice for two consecutive observation periods, an indicator of high negative climate, low lack of adult negativity or an indicator for both may be reported on the performance profile. Lack of adult negativity is an indicator used in infant *CLASS*® and is comparable to the pre-K and toddler negative climate dimension. Like all indicators for *CLASS*®, the measure is expressed as “high,” “medium,” or “low” rather than as a numerical score.

B. Any classroom in a publicly-funded site that does not have the observations required in LAC 28:XCI.503 or does not have all results reported, shall have third-party scores for that classroom reported when available. If no third-party scores are available for that classroom, but there are observation scores for comparable classrooms within the site as required in LAC 28:XCI.503, the department shall assign the average domain score for the comparable classrooms to each missing *CLASS*® score. The department may assign a score of 1 to each missing *CLASS*® domain score if no comparable local or third-party scores are available. If this occurs, the score of 1 for missing or not-reported observation results shall be included in the performance rating calculation for that site. In these circumstances, the number of missing or not-reported observation results shall be reported on the performance profile.

1. Lead agencies may have their approval terminated as provided in §309.G for incomplete observations or observation results not reported.

2. Any site or program that has diligently sought observations from the lead agency, including written evidence of such efforts, and that has not been provided such observations, may request of BESE an appeal of its performance rating as described in §521. BESE shall consider diligent efforts and evidence thereof in determining the appeal.

3. Prior to the issuance of the publicly-funded site or community network profiles, the department shall provide to the Advisory Council on Early Childhood Care and Education committee members and to BESE members a list of all publicly funded sites receiving a score of one due to a missing or not-reported *CLASS*® domain score and the number of such ones received by each site.

4. Exception due to the COVID-19 pandemic with regard to observation completion and other associated challenges. For the 2020-2021 school year only, a classroom that does not have a second observation because the classroom received a fall *CLASS*® score of 4.50 or higher after third party replacement shall have their fall *CLASS*® score after third party replacement duplicated and treated as the spring local observation for the purposes of performance rating. A classroom that does not have a second observation for any other reason shall have their score replaced consistent with Subsection B of this Section.

C. The department shall compare the domain-level results from observations of classrooms conducted by the department's third-party contractors to the domain-level results from observations conducted by the community network for each publicly-funded site.

1. In calculating the performance rating, the department shall replace domain-level results from classroom observations conducted by community networks with the domain-level results from observations conducted by the department's third-party contractors for any single domain in which the results differ by more than one point and shall calculate the performance rating using the replaced results.

2. The department shall monitor the domain-level observation results of classroom observations conducted by community networks for each publicly-funded site, including by observer, and domain-level observation results conducted by the department's third-party contractor for each publicly-funded site.

a. Beginning with the 2016-2017 school year, if observation results conducted by community networks are consistently different by more than one point from observation results conducted by the department's third-party contractors, the department may replace all of the community network's observation results for a publicly-funded site with the results from the department's third-party contractors, including those results that do not differ by at least one point.

D. The performance rating for each site shall be based on the following numerical scale:

1. 6.0-7.0—excellent;
2. 5.25-5.99—high proficient;
3. 4.50-5.24—proficient;
4. 3.0-4.49—approaching proficient;
5. 1.0-2.99—unsatisfactory.

E. The numerical scale and performance rating shall be used for each *CLASS*® domain and for the overall performance rating.

F. BESE may transition to a five-level rating scale beginning with the 2017-2018 school year.

G. BESE shall review the overall rating calculation, including but not limited to data collected on the informational metrics of best practices, prior to the 2016-2017 school year and determine whether additional factors should be added to the rating calculation.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6 and 17:407.21 et seq.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 41:2587 (December 2015), amended LR 42:1873 (November 2016), LR 44:1442 (August 2018), LR 45:1453 (October 2019), LR 47:1286 (September 2021).

§511. Performance Rating Calculations for Community Networks

A. Community networks shall receive two performance ratings which shall be calculated as follows.

1. *CLASS*® observation results shall be one of the community network performance ratings.
2. An equitable access score for four-year-olds shall be one of the community network performance ratings.
3. BESE may include a weight for improvement on equitable access beginning with the 2017-2018 school year.

B. The *CLASS*® observation results will be determined by averaging the results of all fall and spring dimension-level toddler and pre-K observation results for all toddler

and pre-K classrooms within the community network excluding negative climate. Beginning in the 2020-2021 school year, the CLASS® observation results will be determined by averaging the results of all fall and spring dimension-level infant, toddler, and pre-K observation results for all infant, toddler, and pre-K classrooms within the community network, excluding negative climate.

1. Any classroom in a site that does not have the observations required in LAC 28:XCI.503, or has not had all observation results reported, shall have third-party scores for that classroom reported when available. If no third-party scores are available for that classroom, but there are observation scores for comparable classrooms within that site as required in LAC 28:XCI.503, the department shall assign the average domain score for the comparable classrooms to each missing CLASS® domain score. The department may assign a score of 1 to each missing CLASS® domain score if no comparable local or third-party score is available. If this occurs, the score of 1 for missing observation or not-reported results shall be included in the performance rating calculation for the community network. In these circumstances the number of missing or not-reported observation results shall be reported on the community network’s performance profile.

a. Lead agencies may be subject to termination as provided in §309.G for incomplete observations or observation results not reported.

2. The department shall compare the domain-level results from observations of classrooms conducted by the department’s third-party contractors to the domain-level results from observations conducted by community network for each publicly-funded site.

a. In calculating the performance rating, the department shall replace domain-level results from classroom observations conducted by community network with the domain-level results from observations conducted by the department’s third-party contractor for any single domain in which the results differ by more than one point and shall calculate the performance rating using the replaced results.

b. The department shall monitor domain-level observation results of classroom observations conducted by community network for each publicly-funded site, including by observer, and domain-level observation results conducted by the department’s third-party contractors for each publicly-funded site.

i. For every year after the 2015-2016 school year, if the observation results conducted by a community network are consistently different by more than one point from observation results conducted by the department’s third-party contractor, the department may replace all of the community network’s observation results for a publicly-funded site with the results from the department’s third-party contractor for that site, including those results that do not differ by at least one point.

ii. For every year after the 2015-2016 school year, if the observation results conducted by a community network are consistently different by more than one point from observation results conducted by the department’s third-party contractor, the department may replace all of the community network’s observation results for a publicly-funded site with the results from the department’s third-party contractor for that site, including those results that do not differ by at least one point.

C. The equitable access score performance rating shall be determined by calculating the access achieved by the community network for all at-risk four-year-old children in the community network coverage area. Points are earned on a four-level rating scale according to:

Percentage of At-Risk Four-Year-Olds Served	Rating
95-100 percent	Excellent
85 - 94.99 percent	High Proficient
75-84.99 percent	Proficient
65-794.99 percent	Approaching Proficient
0-64.99 percent	Unsatisfactory

D. The CLASS® observation results performance rating for each community network shall be based on the following numerical scale:

1. 6.0-7.0—excellent;
2. 5.25-5.99—high proficient;
3. 4.50-5.24—proficient;
4. 3.0-4.49—approaching proficient;
5. 1.0-2.99—unsatisfactory.

E. The numerical scale and performance rating shall be used for reporting each CLASS® domain and the overall performance rating.

F. BESE may transition to a five-level rating scale beginning with the 2017-2018 academic year.

G. BESE shall review the overall rating calculation, including but not limited to data collected on the informational metrics of best practices, prior to the 2016-2017 school year and determine whether additional factors should be added to the rating calculation.

H. Prior to the start of the 2017-2018 school year, a workgroup of Early Childhood Care and Education Advisory Council members shall be formed to study the inclusion of additional metrics in the performance rating calculations and review R.S. 17:407.21 et seq., for potential statutory changes, and shall make recommendations regarding the use of any additional performance rating calculation metrics in LAC 28:XCI.509.D.

I. Exception due to the COVID-19 pandemic with regard to observation completion and other associated challenges. For the 2020-2021 school year only, the LDE shall not publish community network ratings.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6 and 17:407.21 et seq.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 41:2588 (December 2015), amended LR 42:1874 (November 2016), LR 44:1442 (August 2018), LR 45:1454 (October 2019), LR 47:1286 (September 2021).

§512. Performance Ratings for Publicly-Funded Sites

A. Unsatisfactory Publicly-Funded Sites

1. Beginning with the 2016-2017 school year, publicly-funded sites rated as “unsatisfactory,” as defined in LAC 28:XCI.509, for two school years in any consecutive three school year period, shall lose their public funding and have their academic approval terminated.

2. The state superintendent may grant exception to Subsection A of this Section if the publicly-funded site serves a special population, or if taking the required action in Subsection A of this Section would create an extraordinary burden for families or place children at risk of harm.

3. The department shall conduct an annual needs analysis for families in regions that may be impacted by publicly-funded sites losing their public funding to support access to early childhood programs.

B. Early Childhood School or Center Improvement Planning Process

1. Beginning with the 2018-2019 school year, publicly-funded sites rated below 3.75 for the previous year shall participate in an early childhood school or center improvement planning process. At a minimum, sites must:

- a. develop and submit a plan for school or center improvement in consultation with the department;
- b. implement the plan for school or center improvement and allow for regular monitoring of implementation by the department; and
- c. provide any reports or information related to the plan for school or center improvement as requested by the department.

d. Exception due to the COVID-19 pandemic with regard to observation completion and other associated challenges. For the 2020-2021 school year only, publicly-funded sites where the score calculated from observations conducted during the 2020-2021 school year is lower than 3.75 shall be required to participate in an early childhood school or center improvement planning process.

C. Rewards and Recognition

1. Beginning in the 2016-2017 school year, sites and community networks that are rated “excellent” shall be included in an annual honor roll published by the department and be eligible for financial rewards, as funds are available and as determined by the department.

2. No later than the 2017-2018 school year, sites and community networks that demonstrate significant improvement in their overall score or rating shall be labeled “top gains” on their performance profile and be eligible for

financial rewards, as funds are available and as determined by the department.

3. Exception due to the COVID-19 pandemic with regard to observation completion and other associated challenges. For the 2020-2021 school year only, the LDE shall not publish annual honor rolls nor label sites as “top gains.”

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:407.21 et seq.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 42:1874 (November 2016), amended LR 44:1442 (August 2018), LR 47:1286 (September 2021).

§513. Informational Metrics of Best Practices

A. Informational metrics are measures of a publicly-funded site and a community network’s use of the following early childhood care and education best practices. The performance profile shall report the publicly-funded site and community network’s use of the best practices identified as investment in quality measures, which shall include, but is not limited to:

1. teacher/child ratios. Publicly-funded sites maintain teacher/child ratios based on the age of children that are at or better than the minimum standards required in BESE *Bulletin 137—Louisiana Early Learning Center Licensing Regulations*:

a. to achieve gold-level ratios, publicly-funded sites use the following teacher/child ratios and meet group sizes requirements in BESE *Bulletin 137—Louisiana Early Learning Center Licensing Regulations*;

Age	Teacher/Child Ratio
Birth to 1 year	1:4
1 year to 2 years	1:4
2 years to 3 years	1:6
3 years to 4 years	1:8
4 years to 5 years	1:10

b. to achieve silver-level ratios, publicly-funded sites use the following teacher/child ratios and meet group sizes requirements in BESE *Bulletin 137—Louisiana Early Learning Center Licensing Regulations*;

Age	Teacher/Child Ratio
Birth to 1 year	1:4
1 year to 2 years	1:6

B. The appeal procedure shall be used when needed to address unforeseen and aberrant factors impacting publicly-funded sites and community networks or when needed to address issues that arise when the literal application of the accountability system regulations does not consider certain unforeseen and unusual circumstances. Failure to complete observations or use of third-party scores are not sufficient reasons for requesting an appeal. Data corrections shall not be grounds for an appeal or waiver request as all data corrections shall be made prior to the release of profiles regardless of the source of any errors.

B. The coordinated enrollment process consists of:

1. a coordinated information campaign through which the community network informs families about the availability of publicly-funded programs serving children ages birth to five years;

2. a coordinated eligibility determination through which the community network coordinates enrollment, eligibility criteria, and waiting lists to ensure that families are referred to other available publicly-funded early childhood programs should they be ineligible for or unable to access their primary choice;

3. a coordinated application process through which the community network conducts a unified application process so families can easily indicate their enrollment choices for publicly-funded programs; and

4. a matching based on family preference through which the community network enrolls at-risk children, using available public funds and based upon stated family preferences.

C. In collaboration with representatives of providers of child care, Head Start, and prekindergarten services, the lead agency shall develop policies and procedures for how the requirements of Subsection B of this Section will be implemented. These policies and procedures shall be submitted to the department prior to initiation of the enrollment process, and shall include training for providers and parents on the eligibility criteria for different programs, the matching process for the network, and the complaint process for providers and parents as needed.

D. Each community network shall operate a coordinated enrollment process for each school year, subject to the implementation timeline provided in §705.

H. Community networks shall determine preliminary eligibility for families interested in CCAP during the coordinated eligibility determination as provided in Paragraph B.2 of this Section, and the department shall determine final eligibility for CCAP.

I. Prior to the start of the school year, BESE shall review this Chapter and revise as necessary based on learnings from the previous year. A work group of the Early Childhood Care and Education Advisory Council shall be formed to study the effectiveness of the coordinated enrollment process and make recommendations to the council and BESE for changes for implementation in the following school year. This research may include, but not be limited to, defining key indicators of effectiveness, conducting focus groups of all provider types, reviewing data on the placement of new early childhood seats opened statewide, and reviewing other available information. The written notification shall identify

the unsatisfactory performance issues and specify any corrective actions that may be required of the lead agency.

B. Within 30 calendar days of receiving such notice, the lead agency shall submit written certification to the department that corrective actions have been taken or are in the process of being taken and submit a timely implementation schedule for the department's approval.

C. If the lead agency does not respond in a timely or satisfactory manner or adhere to the implementation schedule approved by the department, the department may recommend that BESE terminate the lead agency's duties and responsibilities pertaining to coordinated enrollment and authorize a local enrollment coordinator for the community network.

F. Funding

1. For each local enrollment coordinator authorized by BESE, the department shall allocate not more than one percent of the public funds appropriated for each publicly-funded program in the community network to support the local enrollment coordinator.

2. The amount allocated from the funding for each publicly-funded site shall be proportionate to the number of publicly-funded children in the site enrolled by the local enrollment coordinator.

3. If an allocation cannot be made from a funding source to support the local enrollment coordinator, the amount established for that funding source to support the local enrollment coordinator shall be allocated from the remaining public funding sources in an amount proportionate to the number of children in each publicly-funded program enrolled by the local enrollment coordinator.

4. BESE shall not allocate additional funds to support local enrollment coordinators from any public funding source that has a per-child allocation or subsidy below the Louisiana average per-child allocation or subsidy for all programs included in the enrollment system.

2. copy of bank statement which lists the deposit for the required match; or
3. copy of bank statement with balance totaling greater than the required match.

C. The total of all awards in any given year may not exceed the amount legislatively appropriated to the fund.

D. If a balance remains in the fund after every qualifying project under §903.B of this Chapter has been funded, then the board may consider awarding funds for the exclusive use of type III early learning centers to provide quality care for children who are ages birth through two and whose parents are eligible for the Child Care Assistance Program.
